Re: Development of 18 Accrington Road Whalley BB7 9TD [Redacted]

Whilst I'm pleased that the former Whalley Motor Services site is to be demolished and new offices built, I do have a couple of concerns.

Mainly about access for construction vehicles and contractors and parking.

Woodfield View is a residential cul de sac where children play in the street and some residents have cats which wander the area.

Access to the rear of the redevelopment site would require heavy construction vehicles to use Queen Street (narrow one way double parking street) to reach Woodfield View which I am concerned will present a safety risk to residents, children and pets on both streets.

Properties on one side of Woodfield View have off street parking but on the opposite side all residents have to rely on being able to park on the street.

We would be most grateful if construction vehicles, contractors and staff can refrain from using our residential streets for access and instead use the Accrington Road entrance to the site.

Thank you
