DEVELOPMENT PROPOSED: Proposed demolition of existing conservatory and the construction of a two-storey side extension.

AT: 5 Stanley Court Talbot Street Chipping PR3 2GE

Ribble Valley Borough Council hereby give notice that **permission has been granted** for the carrying out of the above development in accordance with the application plans and documents submitted subject to the following condition(s):

1. The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: Required to be imposed by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. Unless explicitly required by condition within this consent, the development hereby permitted shall be carried out in complete accordance with the proposals as detailed on drawings:

Location Plan scale 1:1250

Proposed Site Plan drawing ref: A1.2

Amended Proposed Plans and Elevations drawing ref: A1.4 (received 17 March 2026)

Reason: For the avoidance of doubt and to clarify which plans are relevant to the consent hereby approved.

3. The materials to be used on the external surfaces of the development as indicated on the Householder Application Form 3/2025/0886 hereby approved and as contained within the submitted information shall match the existing dwelling.

Reason: In order that the Local Planning Authority may ensure that the materials to be used are appropriate to the locality and respond positively to the inherent character of the area, in accordance with Key Statement EN2 and EN5 of the Ribble Valley Core Strategy and Policies DMG1, DMG2, DME4 and DME5 of the Ribble Valley Core Strategy.

4. Prior to the commencement of development, a Greenwoods Ecohabitats Two Chamber Bat Box or Kent Bat Box as recommended within the submitted Reasonable Avoidance and Mitigation Measures Report by Dave Anderson dated 20.05.2026 shall be installed within the site and shall remain in perpetuity. The development shall be carried out in strict accordance with the Precautionary Method Statement and Reasonable Avoidance Measures outlined in this report and the approved details.

In the event any bats are disturbed/found during any part of the work site operations should cease until further advice has been sought from the licensed ecologist.

Reason: To ensure the protection of species/habitat protected by the Wildlife and Countryside Act 1981 (as Amended) and in the interests of biodiversity and to enhance habitat opportunities for species of conservation concern/protected species and to minimise/mitigate the potential impacts upon protected species resultant from the development.

5. No development shall commence on the site until such time as a construction traffic management plan, including as a minimum detail the following:

- routing of construction traffic
- wheel cleansing facilities
- vehicle parking facilities
- a timetable for their provision

has been submitted to and approved in writing by the Local Planning Authority.

The construction of the development shall thereafter be carried out in accordance with the approved details and timetable.

Reason: To reduce the possibility of deleterious material (mud, stones etc.) being deposited in the highway and becoming a hazard for users, to ensure that construction traffic does not use unsatisfactory roads and lead to on-street parking problems in the area.

Note(s)

1. For rights of appeal in respect of any condition(s)/or reason(s) attached to the permission see the attached notes.

2. The applicant is advised that should there be any deviation from the approved plan the Local Planning Authority must be informed. It is therefore vital that any future Building Regulation application must comply with the approved planning application.
3. The Local Planning Authority has endeavoured to work proactively and positively to resolve issues and considered the imposition of appropriate conditions and amendments to the application to deliver a sustainable form of development.
4. This Decision Notice should be read in conjunction with the officer's report which is available to view on the website.

**NICOLA HOPKINS
DIRECTOR OF ECONOMIC DEVELOPMENT AND PLANNING**

Notes

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision, then you must do so within 6 months of the date of this notice unless the following apply:

- If this is a decision to refuse planning permission for a householder application or a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.

Appeals should be made online via <https://appeal-planning-decision.service.gov.uk/before-you-start>. If someone does not have access to the internet and needs help completing the appeal digitally, they should contact the Planning Inspectorate customer service team on 0303 444 5000 who will provide details of support options available.

Before making an appeal, you may find it helpful to review guidance and watch a video explaining the appeals process at <https://www.gov.uk/government/collections/make-an-appeal-to-the-planning-inspectorate-and-associated-guidance>.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
