Date: 5th March 2019

RE: Indemnity

Site: Eurogold Groundworks, C.O Prospect GB, Union Street, Clitheroe, BB7 2NH

Re your order for the above which together with our quotation ref. 105750 dated 30th October 2018 plus other relevant agreed documentation including this indemnity defines the contract between us (The Sub Contract) and refers to the site and Works above:

1 In consideration of your agreement, hereby acknowledged, not to hold retention monies on this sub contract, we hereby indemnify you for the periods and values as defined below against defects which may appear in the Subcontract Works which can be shown to be due to defects in the adequacy of the Structural Design, Materials, or Workmanship, insofar as these elements may be our responsibility under the terms of the Subcontract and insofar as the defect concerned can be shown to be due to our failure to meet the agreed requirements of The Subcontract.

This indemnity is for 5% of the Subcontract value for a period of six months from the 19th December 2018 [this being the anticipated dated of practical completion of the Subcontract Works] and for 2.5% of the subcontract value for a directly subsequent period of six months ending on the 18th December 2019 on this date, this indemnity will cease to have any effect and will become null and void.

2. For the avoidance of doubt this Indemnity is not intended to exclude or diminish or to increase any liability towards you which may arise under or for breach of the Subcontract.
