ROOF FINISHES

STONE ROOF PAVING FLAGS - RECLAIMED - To re roof front and rear elevations, numbering and reusing original roof flags wherever possible, topping up if required with reclaimed stone flags

MATERIAL SCHEDULE

Rear Garage (to be converted into Small Retail Unit)

THE ROOFLIGHT COMPANY - CONSERVATION ROOFLIGHT

TIMBER SHOP FRONT TO BE PAINTED IN Farrow and Ball - Dove Tale

The Methodology for the Stone Flags

Carefully remove any visible stone flags, and whenever possible, repair or recut all reclaimable stone flags for reuse. Then, safely store them alongside other existing materials, such as sandstone, limestone, sandstone door jambs, and window sills, to maximize reuse.

Groundfloor Elements

- We would like to use Timber Mock Sash Windows, Timber exterior Door with the Windows being painted White- Door to be painted in Farrow and Ball - Dove Tale
- Relay and reuse as much as possible of the Original Blue Slate for the roof and top up as necessary with Reclaimed Welsh Blue Slate
- To Reuse original Sandstone Quoins and Reuse original Sandstone Jambs for the Front Door Opening along with Sandstone Window Sets (natural finish - not to be painted)
- To Lime Render all other areas using a Hydraulic Lime Mix that will be Whitewashed

Rear Garage (to be converted into Small Retail Unit)

- To re roof front and rear elevations, numbering and reusing original roof flags wherever possible, topping up if required with reclaimed stone flags
- Where necessary, to repoint all original stonework with Hydraulic Lime Mortar
- To fit, as requested, Roof lights of the conservation type which are recessed with a flush fitting
- To fit hardwood shop front and windows, to be painted in Farrow and Ball - Dove Tale

Flat Roof Section with Single Ply Membrane Roof - Sika Equal and Approved
