Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Self-build and custom build development

No

Is the total size over 0.5 hectares?:

No

Do all buildings meet the definition of self-build or custom housebuilding as set out in [section 1\(A1\) of the Self-build and Custom Housebuilding Act 2015](#)?:

Yes

Does your Local Planning Authority require applicants for self-build and custom-build development to evidence their eligibility?:

No

Please justify the reason why biodiversity net gain does not apply:

Self-build and custom build development

I declare that I will provide the required supporting documentation as set out in '**Self Build Exemption Claim Form - Part 2**' (see information in Section C below) within 6 months of completion of the property and I understand failure to do this will result in CIL becoming payable

I commit, when submitting this application, to separately informing the collecting authority of the total amount of any subsidy granted to me by any public body in the three years* prior to submission of this application form, either as State Aid (up to 31 December 2020) or as a subsidy under the UK's international or domestic subsidy control commitments from 1 January 2021**.

I acknowledge that the collecting authority will inform me whether they consider that the amount of any exemption/relief granted to me in respect of this application will (or may) be impacted to account for any subsidies already received over the last three years.*

'Self Build' for the purposes of CIL exemption is defined as all homes built or commissioned by individuals or groups of individuals for their own use, either by building the home on their own or working with builders.

'Completion' for the purposes of CIL exemption is defined as the issuing of a compliance certificate for this development issued under either regulation 17 (completion certificates) of the Building Regulations 2010 or section 51 of the Building Act 1984 (final certificates).

** Three years means over a three-year consecutive fiscal period (the current financial year and the two preceding financial years)*

Section C: Submission of Evidence (following completion)

Important information on self build evidence requirements for Part 2 of Form 7 (Self Build Exemption Claim Form).

[Download Form 7: Self Build Exemption Claim Form - Part 2](#)

Part 2 of Form 7 (Self Build Exemption Claim Form) needs to be submitted within six months of the date of the Compliance Certificate for the self build development. Please note, in advance, the documentary evidence you will be required to provide along with that form as failure to provide the necessary information will invalidate your exemption, and CIL will become payable:

- You will need to provide copies of **all** the following items:
 - A compliance certificate for this development issued under either:
 - regulation 17 (completion certificates) of the Building Regulations 2010 **or**
 - section 51 of the Building Act 1984 (final certificates)
 - Title deeds of the property to which this exemption relates (freehold or leasehold)
 - Council Tax bill or certificate
- You will need to provide copies of **two** of the following items **showing your name and the address of the property** as proofs of occupation of the home as sole or main residence:
 - Utility Bill
 - Bank Statement
 - Local electoral roll registration
- You will need to provide a copy of one of the following items (also see notes below):
 - An approved claim from HM Revenue and Customs under 'VAT431NB: VAT refunds for DIY housebuilders'
 - Proof of a specialist Self Build or Custom Build Warranty* for your development
 - Proof of an approved Self Build or Custom Build Mortgage# from a bank or building society for your development.

Please note: The Charging Authority has the discretion, but is not required, to accept other forms of documentary evidence instead of any of the items (a-c) above. This should be agreed in advance with the Charging Authority (at the point of making this Part 1 application for the exemption or as soon as possible thereafter) but the Charging Authority may still consider utilising discretion at this Part 2 stage of the process.

* A Self Build or Custom Build Warranty is a warranty and Certificate of Approval issued by a Warranty provider which provides a 'latent defects insurance' policy and which is accompanied by certified Stage Completion Certificates (SCC) issued to the owner/occupier of the home.

A Self Build or Custom Build Mortgage is an approved mortgage arranged to purchase land and/or fund the cost of erecting a home where the loan funds are paid to the owner/occupier in stages as the building works progress to completion.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

On receipt of this application the collecting authority will make a decision on your claim as soon as practicable and inform the amount of CIL relief granted in writing. You must then submit a commencement notice to the collecting authority prior to starting on site. Failure to do so will either result in the CIL charge becoming payable in full and a surcharge potentially being applied (if your Liability Notice or revised Liability Notice was issued prior to 1 September 2019), or a surcharge being applied (if your Liability Notice or revised Liability Notice was issued on or after 1 September 2019).
