

**Marylebone Farm Annexe  
Whittakers Lane  
West Bradford**

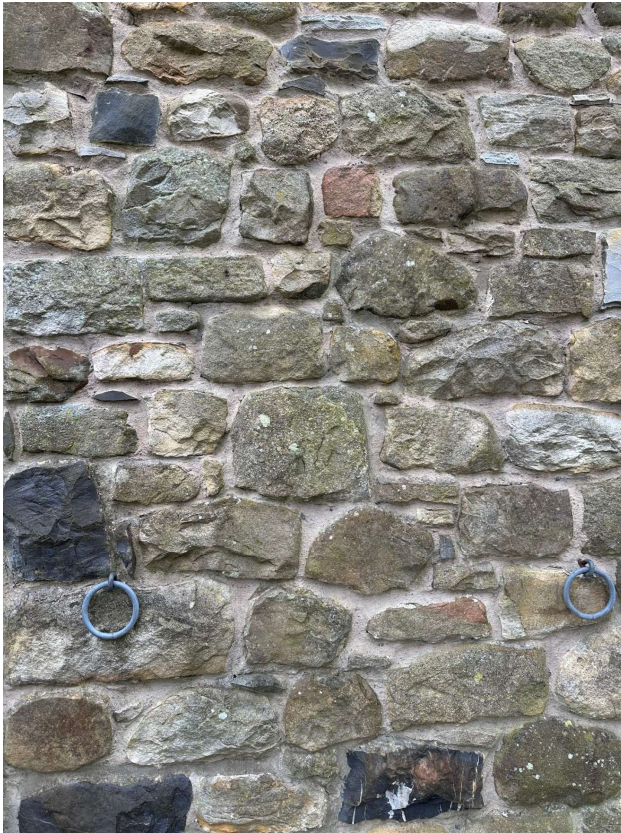

**Planning permission - 3/2023/0186**

As per the above permission please find details of materials to be used.

The main form will be an off-site timber frame construction.

Cladding materials:

A mix of random stone and vertical red cedar

Roofing materials

Main building roof area - Standing seam zinc including roof light detail on easterly elevation

Subsidiary stone building roof - Blue slate

Windows – slimline aluminium with sliding panel on southerly elevation (photo indicative of windows only not cladding)

Detail of photovoltaic panels to sit within the western elevation of the blue slate roof
