For the attention of Emily Pickup

Planning Application No: 3/2026/0067
Grid Ref: 377272 434683
Proposal: Proposed side dormer.
Location: 33 Carleton Avenue Simonstone BB12 7JA

The plans and information submitted have been viewed and the following comments are made.

Existing parking arrangements are not affected by this proposal and meet parking standard requirements.

The Highway Development Control Section is of the opinion that the proposed development will not have a significant impact on highway safety and capacity in the immediate vicinity of the site.

The National Planning Policy Framework (NPPF) states that "Development should only be prevented or refused on highways grounds if there would be an unacceptable impact on highway safety, or the residual cumulative impacts on the road network would be severe" (Paragraph 115). A detailed examination of this application, which included accident analysis, visibility requirements and parking concludes there are no highway grounds to support an objection as set out by NPPF

Kind regards

Tahira
