Dear Heather,

Please find my snippet below:

*'It is my privilege [redacted] By virtue of my role, I am deeply invested in the life of this parish community and its residents. As such, I commend to you any efforts which seek to support the provision of affordable housing for people who would otherwise struggle to reside here, especially young families. Communities (including churches) thrive when multiple generations can live and flourish alongside one another, and so anything that can enable this to happen has my full support.'*

Hope it helps!

[redacted]
