Planning Application Reference No.: 3/2026/0144

Address of Development: Read Cricket and Bowling Club, Whalley Road, Read, BB12 7PN

Comments: I'm very disappointed to read this planning application for a semi permanent ball net [REDACTED]. This will be less than 10 meters from [REDACTED] and [REDACTED]

The 11m poles will by the sound of things remain as a permanent fixture [REDACTED] and no doubt devaluating my property.

As for the net that will be installed for around six months of the year I'm lost for words. The planning says the net will stand 8m high and in my opinion [REDACTED].

I have lived in the village for [REDACTED] and in this property for over [REDACTED]. I bought the house [REDACTED] as I thought my view would never be ruined given the clubs historic existence in the village.

Over the last [REDACTED] I've had to endure constant advertising boards on the cricket club wall and now this.

I very strongly object to these plans and hope common sense will prevail.

I do understand the logic of the net but couldn't this be erected and taken down for each game rather than remaining in position for six months of the year. This is what the football club has done for years to protect the houses behind the football pitch.

Regards,
Concerned resident.
