Planning Application Reference No.: 3/2026/0144

Address of Development: READ CRICKET CLUB

Comments: I am writing as a local resident to strongly object to the above planning application. Leaving right across the Cricket Field our quality of life will be directly impacted for the worse and impact on property value.

, I firmly believe that the proposal constitutes unnecessary, inappropriate and unsustainable development extending beyond the built up limits of the village into the attractive open countryside surrounding - which fails to respond to local character, landscape and surrounding context and should be refused as harming the visual and rural amenities of the area. The proposal is therefore contrary to preserving/protecting the Villages attractive qualities of our historic village and its beautiful surroundings we are ENTITLED to enjoy.

Furthermore, may I point out that we found out about this application by hearsay and not by proper CONSULTATION - no notification has been received to this date and many other residents on the list of supposed recipients attached to this application are still to receive, like us, written documentation.. This falls short of transparency into consultation to ensure replies within deadline.

Hoping the above comments to be registered and taken into consideration.

Kindest Regards
