Address of Development: 8 Longridge Road
Hurst Green

Comments: I would like to object to this application on the basis that the permanent use of this building as opposed to the current approval for limited use would result in a major detrimental impact on wildlife on this rich area of Dene Brook. Increased light and noise pollution would affect the animals which inhabit, visit and/or benefit from this area, including the deer, ducks (mallard), many bird species and squirrels which are all seen regularly.

Thank you for your consideration of this impact.
