RVBC

As a resident of 
I wish to express my concern about
the renewal of the plan for change of use
at number 36 Moorfield.

This is a quiet and residential area, peaceful
and secure, chosen by residents for those
very reasons.

The intended change of use, especially if
continued further, would damage, I feel,
those advantages we find so important for
our families and the many people in our
old age.

I simply submit these considerations to
your future planning discussions.
