**FLOOD RISK STATEMENT  
PROPOSED CAR PORT  
AT  
BRAMLEY CROFT, BARROW, CLITHEROE, LANCASHIRE**

## **Flood Risk Assessment.**

- 1.1 This assessment has been prepared for the above application for the proposed domestic car port located on an existing gravel area at the side of the house
- 1.2 The application site is in a group of established residential properties and adjacent to a public house
- 1.3 The site is located within Flood Risk Zone 2 & 3.
- 1.4 The NPPF requires FRAs to be submitted for an application located within Flood Zones 2-3, However there is no requirement to subject the proposal to a full assessment or a sequential or exception test. The application proposes no extensions or alterations to the buildings footprint the risk to flooding is not increased by the proposed development.
- 1.5 The development is a 'less vulnerable' development due to the structure being limited to 6 oak posts fixed to the ground. It is therefore it is not considered There will be any risk of damage during a flood event that requires mitigation
- 1.6 The surface water discharge from the site will remain as existing to the current system.
