**Planning Application Reference No.:** 3/2026/0295

**Address of Development:** Mardale 3g pitch longridge

**Comments:** Morning...i am writing to object to thos proposal.

You and longridge town jurors have concocted a survey about 1 sunday mornings traffic at mardale when they had planned only 1 game at home .This in no way shows the true extend of the shambolic parking that stops council paying residents enjoying themselves in there own homes.The residents feel trapped on a sunday morning as the cant go out due to the incompetence of the football traffic. I have 100 pictures availbale to view to back up my claims.

We the residents are not against this proposal but done in the correct manner.

Correct parking,this means that if the council will not remove parking charges then they must put in measure such as permitt parking double yellow lanes (they want to play then they must pay and not any the council tax paying residents)

Many occasion the police have been called and some times the police have turned up.

We cannot have a biases opinion just fro. The football club.

The residents need to engage with the club to sort this issues out if the council are not willing to help.

The hours of this proposal are totally against tbe beautiful surroundings that the area is in 8 am till 10 at night bringing in anti-social behaviour to the estate .

The pitches can can at times have over 200 people attending the games with supporters and players.

This needs to be staggered to release the pressure the estate will come under
