Notes:

- All levels relate to Ordnance Datum, achieved using the OS National GPS Network.
 - It is the Contractor's responsibility to determine the location of the existing mains/services by whichever method they deems necessary. No additional claims by the Contractor will be considered for problems arising due to the fact that precise locations were not determined.
- No guarantee can be given that all services have been shown on the drawing.
- The relevant service drawings should be obtained from the appropriate service providers company and used in conjunction with this drawing.
- No guarantee can be given to the accuracy and completeness of any service provider record information shown in this drawing and no liability will be accepted for any losses that arise due to a lack of accuracy in any service providers record information. Reference should also be made to historical plans and as built drawings
