**Comments:** Whilst I have no overwhelming objection to the plans, I would request that noise and light levels which could affect our home life be taken into consideration. We [REDACTED] who I am concerned could [REDACTED], and also [REDACTED]. I would also like the panel to ensure that any floodlights do not cause any light pollution which could affect our [REDACTED].

My only other concern would be parking, etc - I would be keen to understand how the panel plans to address additional footfall - including litter (which is already a problem on the back fields; we regularly do walk rounds picking up water and fizzy drink bottles). The fields are a beautiful part of the town, and regardless of our living location, I would be extremely disappointed should the amount of litter increase and become a further problem. Can the committee also confirm there is adequate parking on the existing car park? (We experience footballers parking on the [REDACTED] which is a private road - [REDACTED] - I would not want this to increase due to inadequate parking facilities or car park charges causing people to look for other alternatives to leave their car.
