1. The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: Required to be imposed by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. Unless explicitly required by condition within this consent, the development hereby permitted shall be carried out in complete accordance with the proposals as detailed on drawings:

- Existing Local and Block Plan, ref: 26-0009-10-001, Revision PL01
- Proposed Floor Plans 1 of 2, ref: 26-0009-50-00, Revision PL02

- Proposed Sections, ref: 26-0009-50-201, Revision PL02
- Tree Protection Plan, ref: 26-0009-50-002, Revision PL01

Reason: For the avoidance of doubt and to clarify which plans are relevant to the consent.

3. The materials to be used on the external surfaces of the development shall be implemented in strict accordance with the external materials stated on the Application Form and 'Proposed Elevations', Ref: 26-009-50-101, Revision PL02.

Reason: In order that the Local Planning Authority may ensure that the materials to be used are appropriate to the locality in accordance with Policies DMG1, DMG2 and DMH5 of the Ribble Valley Core Strategy.

4. Prior to commencement of any site works, including delivery of building materials and excavations for foundations or services, all trees identified on the tree protection plan [drawing number 26-0009-50-002 PL01 dated 14/7/2026] and included in the 1966 Mellor Tree Preservation Order shall be protected in accordance with the BS5837 2012 [Trees in Relation to Demolition, Design & Construction] details submitted.

The root protection/exclusion zone shall remain in place until all building work has been completed, and all excess materials have been removed from site including soil/spoil and rubble. During the building works, no excavations or changes in ground levels shall take place, and no building materials/spoil/soil/rubble shall be stored or redistributed within the protection/exclusion zone. In addition, no impermeable surfacing shall be constructed within the protection zone.

No tree felling or pruning shall be implemented without prior written consent, which will only be granted when the local authority is satisfied that it is necessary and in accordance with BS3998 for tree work and carried out by an approved arboricultural contractor.

Reason: In order to ensure that any protected trees within influencing distance of the development and that may be affected by the impact of the development that are considered to be of visual, historic or botanical value are afforded maximum physical protection from the potential adverse effects of development.

1. For rights of appeal in respect of any condition(s)/or reason(s) attached to the permission see the attached notes.
2. The applicant is advised that should there be any deviation from the approved plan the Local Planning Authority must be informed. It is therefore vital that any future Building Regulation application must comply with the approved planning application.
3. The Local Planning Authority has endeavoured to work proactively and positively to resolve issues and considered the imposition of appropriate conditions and amendments to the application to deliver a sustainable form of development.
4. This Decision Notice should be read in conjunction with the officer's report which is available to view on the website.
5. Please note that approval of this application is not an acceptance that the entirety of the red edge – some of which falls within the Green Belt – is considered by the Local Planning Authority to be lawful residential curtilage.

Notes

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision, then you must do so within 6 months of the date of this notice unless the following apply:

- If this is a decision to refuse planning permission for a householder application or a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.

Appeals should be made online via <https://appeal-planning-decision.service.gov.uk/before-you-start>. If someone does not have access to the internet and needs help completing the appeal digitally, they should contact the Planning Inspectorate customer service team on 0303 444 5000 who will provide details of support options available.

Before making an appeal, you may find it helpful to review guidance and watch a video explaining the appeals process at <https://www.gov.uk/government/collections/make-an-appeal-to-the-planning-inspectorate-and-associated-guidance>.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
