Hi,

I am contacting you as an interested party and the [REDACTED].

Please see email below which I forwarded to the Planning Officer direct. I wanted to ensure that my representations were received and considered and, as I had not had any response or acknowledgement, am forwarding my email again. For clarification I repeat the comments made below and ask that they are taken into consideration, I am conscious of the deadline of 29 June.

My understanding from the information available on the Council's website is that the proposed extension will extend 7.20 metres beyond the rear wall of the original dwelling house. This seems excessive and over dominant in terms of impact on the surrounding area. I am concerned that the extension will feel overbearing and have a negative visual impact. If approved this extension may subsequently be cited as an example of what is acceptable level of intrusion into garden areas when considering future similar applications.

On the basis of the above comments I object to the proposed extension. I ask that you acknowledge receipt of my emails.

Kind regards
[REDACTED]

Dear Anna,

I have received the neighbour notification letter in respect of the proposed development at 7 Knowsley Road West. I would be grateful if you could clarify whether the proposed extension will be

wider than the current footprint of the garage and conservatory as it isn't entirely clear from the information provided and available online. I am aware that there have already been approximately three extensions at 7 Knowsley Road West, is there any consideration given to the cumulative impact of previous extensions as part of the planning process.

I look forward to hearing from you.

Kind regards

I look forward
