Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The application site is an established residential dwelling house. The land where the studio will be situated forms part of the private rear garden (curtilage) of the property and has been used only for domestic residential purposes incidental to the main house since its construction in June 2025.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed detached garden studio is completely lawful because it conforms with Permitted Development rights. The structure is single-storey, sits entirely within the rear garden, does not exceed the 50% garden coverage limit, and its height complies strictly with the boundary distance rules of Class E. The building will be used solely for purposes incidental to the enjoyment of the dwelling house as a study read my personal library of books. It will not be used for commercial purposes.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
