

The figure is a technical site plan on a cream-colored background. A large, irregular area is outlined in red, representing the proposed site. Within this area, a long, narrow rectangular section is filled with a dense blue diagonal hatching pattern. This hatched area is bordered by a thin white line on its top and bottom edges. To the right of the hatched area, there is a light blue shaded region that follows a jagged, irregular boundary, possibly representing a water feature or a specific terrain. The word "Track" is written in a large, bold, black sans-serif font, positioned diagonally across the lower-left portion of the red-outlined area. A dashed black line runs diagonally from the bottom-left towards the center of the plan. In the bottom-right corner, there is a block of text containing project information, including a table with revision details, the company name "A.L.H. Design Services", client information for "Mr S Forshaw", and the project title "ERECTION OF ADDITIONAL CUBICLE". Below this, the drawing title "PROPOSED SITE PLAN" is centered. At the very bottom right, another table provides job/scheme numbers, drawing numbers, scale, date, and drafter information.

NOTES

THIS DRAWING IS TO BE READ IN CONJUNCTION WITH ALL OTHER DRAWINGS FOR THE PROJECT. ALL LEVELS AND DIMENSIONS ARE TO BE CHECKED ON SITE BY THE CONTRACTOR. ALL DIMENSIONS ARE IN MILLIMETRES UNLESS STATED OTHERWISE. ANY DISCREPANCIES BETWEEN THE INFORMATION SHOWN ON THE PLAN AND THE SITE ARE TO BE REPORTED TO THE DESIGNER IMMEDIATELY.
