ASSESSMENT OF PROPOSED DEVELOPMENT:**Site Description and Surrounding Area:**

The application relates to a detached two-storey dwelling fronting Clitheroe Road in Whalley. The surrounding area is predominantly residential in nature, and the application site does not have any special designations.

Proposed Development for which consent is sought:

Consent is sought for partial conversion of the attached garage to accommodate addition living space. The existing garage door will remain with the front section of garage being retained for storage.

Impact Upon Residential Amenity:

The submitted details seek consent for the partial conversion of an existing garage to become extended living floorspace. There are no external alterations proposed and no new window openings.

Taking account of the above, the proposal raises no significant measurable conflict with Policy DMG1 of the Ribble Valley Core Strategy which seeks to protect existing residential amenity and ensure adequate levels of residential amenity for future occupiers of existing and proposed residential development(s).

Visual Amenity/External Appearance:

The submitted details do not propose any external alterations to the property or garage that are visible from within the public realm. The existing garage door will remain in situ to accommodate a storage space.

As such, in the absence of any other significant exterior alterations to the property, it is not considered that the proposal will result in any measurable visual change nor impact upon the local area.

As such, taking account of the above matters, it is not considered that the proposed development raises any significant direct conflict(s) with Policy DMG1 of the Ribble valley Core Strategy which seeks to protect against development(s) that will result in adverse impacts upon the character or visual amenities of an area.

Highways and Parking:

The Local Highways Authority have raised no objection to the proposal. Sufficient parking remains available (3 spaces) on the existing driveway.

As such the proposal raises no significant measurable conflict(s) with Key Statement DMI2 nor Policies DMG1 or DMG3 which seek to ensure the continued safe operation of the highways network and seeks to ensure development brings forward adequate parking provision to serve and accommodate the activities and requirements of proposed development(s).

Observations/Consideration of Matters Raised/Conclusion:

As such, for the above reasons and having regard to all material considerations and matters raised that the application is recommended for approval.

RECOMMENDATION:

That planning consent be granted subject to the imposition of conditions.
