## Description of the proposed development including any non-residential development

Current legislative restrictions on applications for permission in principle mean that proposals must:

- Include at least 1, and no more than 9 dwellings
- Create less than 1,000 square metres of floorspace
- Be on a site of less than 1 hectare

There are further restrictions on development defined as 'householder', 'habitat' (relating to protected sites), and 'Schedule 1/Schedule 2' (relating to environmental impact assessment).

Proposals not meeting these rules will be refused and you may not be eligible for a refund.

**Authority Employee/Member**

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

**Declaration**

I/We hereby apply for Permission in principle as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration
