19th August 2026

Dear Sirs,

Re: The Old Stables, Lowergate, Clitheroe, BB7 1AD

Planning application to the rear of the Old Stables, Lowergate, Clitheroe, BB7 1AD for the proposed reduction of boundary wall height and associated enhancement works including replacement fire escape, landscaping and new vehicular entrance gate.

We write on behalf of the parish concerning SS Michael and St John RC Church Clitheroe. The Diocese of Salford own part of the land that is the subject of the above proposals on behalf of the parish.

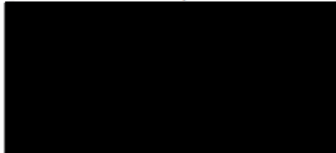

We have had detailed discussions with the applicants and fully support this application submission.

The boundary wall in question is an eyesore and in poor condition. Its rebuilding to a lower level will considerably enhance Stanley House and our own properties the Old Stables and the Dower House currently on the market for possible sale.

Further, the provision of new gates will improve the security of our premises and visual amenity.

Please contact us if you require any additional information.

Yours sincerely,

Edward Nally

Trustee and Secretary to the Trustees
