HAN CLOTT
WOLSTON

Hi Sharon,

Sketch plan (not to accurate scale!)

- I would have expected the Council to have accurate plans of all localities? - it seems not!

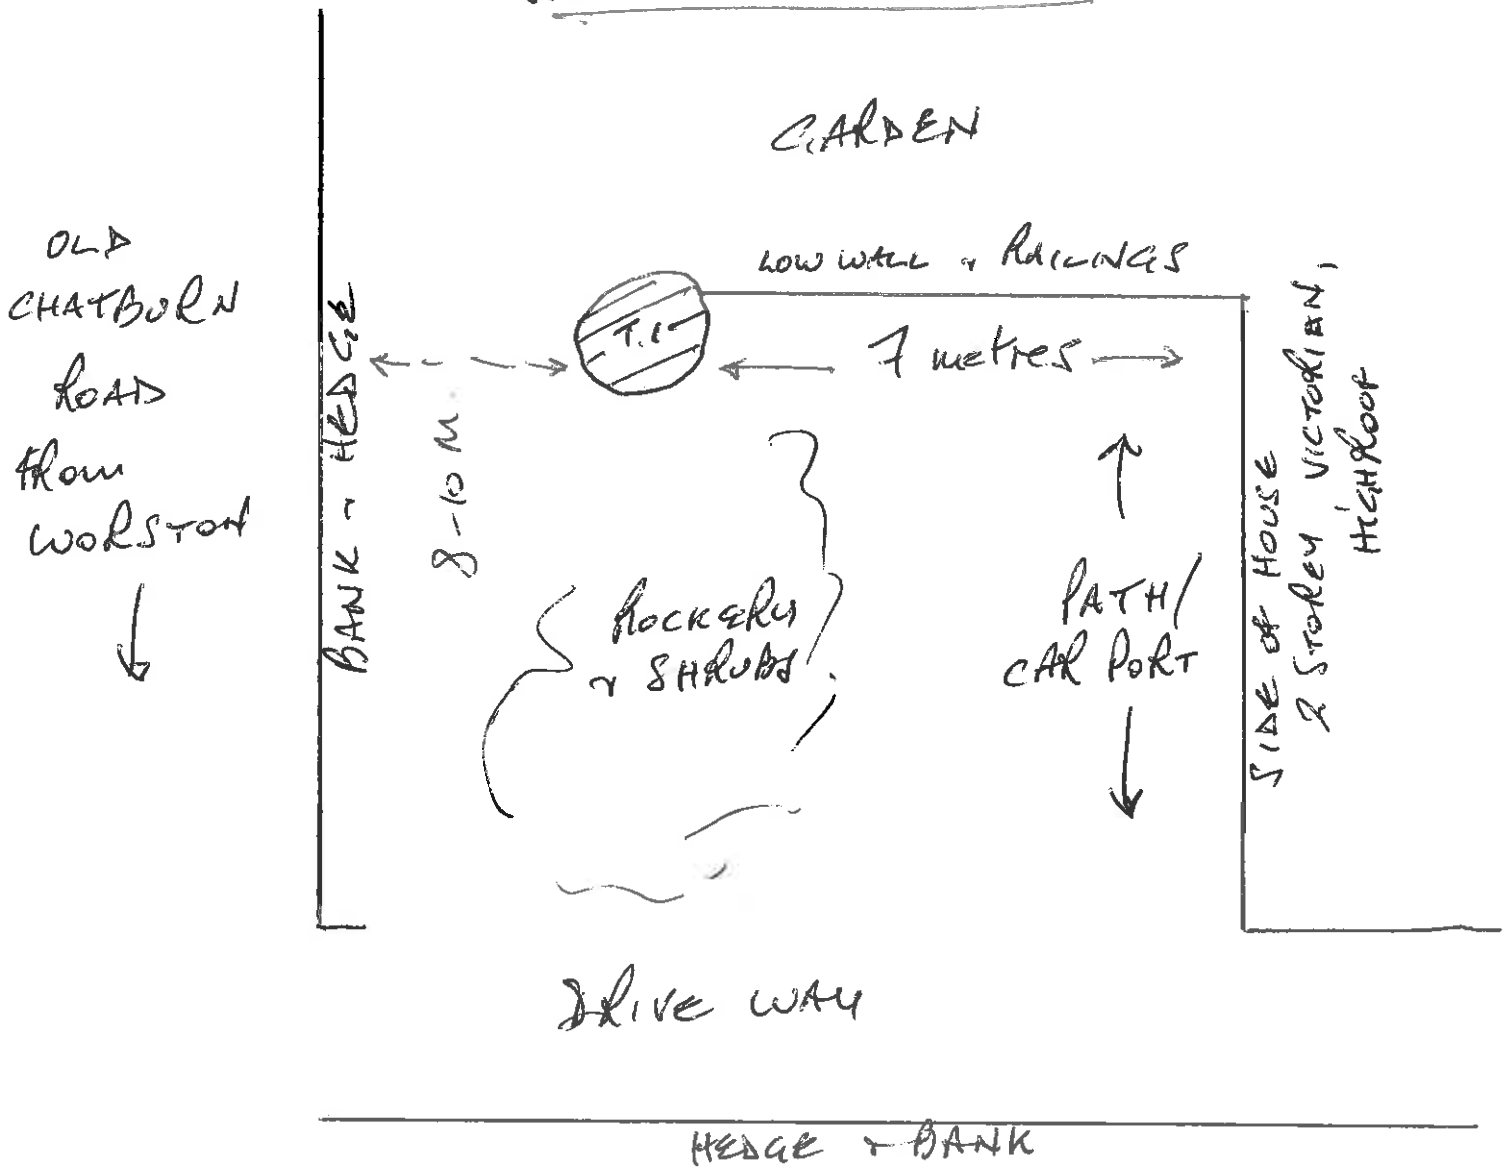

Regards. Mike Smith

Hi mike

After taking a look at the birch tree to the side of your house I have seen that there is one large cavity (see attached pictures) and at least two small ones. I recommend that the tree is removed before it gets any worse, taking into account that your house is at one side and a road at the other, there are also telephone wires very close to the tree.

Thanks
Jonathan Hunter
