*comments:* These houses are part of the entry into Whalley. It amounts to destruction of part of the heritage of Whalley and its strong bond through the decades with the hospital. Superb first time or retirement homes. Would not happen in the South of England. They would gain funding to renovate. Why should Lancashire always be a victim. Save our heritage RVBC. These 1930's houses are excellent and perfect to be renovated. They should not be destroyed for Mersey care to make money. Part of Whalley heritage - a strong visual part of the approach to Whalley. Do you want a bland urban never sprawl or a RV with some sense of history? Residents know how difficult for the council to fight gov planning but STAND UP FIRM this time. Whalley is behind you!!!!!!!!!!!!!!!!!!!!!!
