refNo: 3/2021/0205

addDev: Land at Neddy Lane Billington BB7 9LL

comments: This development is at the bottom of Longworth Rd where there has been flooding twice in the last 5 years with a number of other instances when flood barriers have been deployed by the Environment Agency. This causes significant disruption and distress to the home owners, including myself, who have been forced to move out of there properties for many months. The area is a recognised flood plain and additional housing can only add to the risk of flooding already present. Consideration should be given to providing protection for existing householders not adding to the already significant risk by building more houses.
