Details of the pre-application advice received:

In considering the above policies and guidance, I have drawn the following conclusion. The village of Chipping is readily accessible by foot from the site and despite the dwelling proposed not being an 'affordable' dwellings, it is effectively a small scale conversion of an existing building and is considered appropriate development in compliance with the relevant and up-to-date Local Planning Policies G5 and H2, and the principle of removing the condition in question is therefore considered acceptable. With respect to the visual impact of developing this site, there are no external changes proposed to the building and the site lies within an existing residential garden so the proposal will have no impact upon the AONB at this location
