Bernadette

Thank you for your e-mail.

I have reviewed your suggested amendments to the planning conditions we recommended in our response to Ribble Valley BC dated 11 March 2013 re: application 3/2013/0137. I confirm that we would have no objection to the revisions proposed in relation to the phasing of development as they do not change the underlying requirements of the conditions.

Kind regards

Philip

Philip,

Further to our conversation moments ago, please find attached the draft suggested wording changes to the conditions that we discussed. We would be extremely grateful if you could review and let us have your thoughts on the acceptability of these suggested changes before Tuesday if possible.

I would also be grateful if you could reply to all, as I am on leave on Monday, but my colleague Sarah Wozencroft is also dealing with this matter.

Many thanks in advance.

Kind regards

Bernadette
