Dear Sir,

In response to the letter from the Inspectorate dated 13th of June 2013, sent in relation to the SoS for Communities and Local Government and the issued Written Ministerial Statement concerning Local Planning and Onshore Wind, the Council offer the following view.

There were no public or community objections to the proposed development. On this basis, in considering the above statement the Council are satisfied that it does not make a difference to the appeal statement of the case currently submitted (APP/T2350/A/13/2190784).

Kind regards,

Dear Sir,

In response to the letter from the Inspectorate in relation to the Secretary of State for Communities and Local Government and the issued Written Ministerial Statement concerning Local Planning and Onshore Wind.

Having read this statement I am satisfied it does not make a difference to the appeal statement of the case that we have already submitted (APP/T2350/A/13/2190784).

The appeal statement was focussed on the sole objection the wind turbine, that of the MOD and its concerns of the wind turbine impact on the ATC Radar at Warton. There were no public or community objections to the wind turbine application (3/2012/0526).

The MOD have since withdrawn their objection (Letter from Inspectorate 14/5/2013) and thus removing any objection to the turbine.

Therefore I am satisfied the Ministerial Statement does not make a difference to this appeal statement.

Regards

Paul Mason
