Concerned resident [REDACTED]

Reading through Haweswater Resilience Programme we are very worried of the amount of traffic coming down Ribble lane , at the moment it's always busy with traffic going through to other villages and to think that there's going to be more heavy goods vehicles is a real concern.

There are also a lot of agricultural vehicles which are a lot bigger than they used to be are always going through, it's 30 mph but a lot go over the speed limit, you have all the parked cars at the top of Ribble lane where you always have to give way to!

So we dread to think what it's going to be like if this application gets passed, it will also be a danger to the school buses and the children walking to Chatburn school .
