For the attention of John Machole

Please accept this email as my opposition to the above planning applications and the possibility of heavy wagons passing through Chatburn.

Chatburn is already a village with a busy junction congested due to insufficient parking for shoppers and residents.

Ribble Lane is a difficult road to negotiate due parked cars, buses and farm vehicles and to add to this will prove a disaster to the residents living on it and the streets running off it.

The safety of residents is paramount and accidents will happen if further congestion of this type is allowed.

This type of heavy traffic is also bound to affect air quality and create excessive noise

Thank you in anticipation
