Dear planning department (Mr John Macholc), re the above application.

I would like object to application no - 3/2021/0660 on the grounds of, access, congestion, restriction of parking, an increase in potential danger and risk of injury to pedestrians and the general public, additional pressure on public services , general damage to the infrastructure of the village and of the local economy.

I am willing to support planning application 3/2021/0661 as the most appropriate and pragmatic solution to the successful completion of the project.

Yours sincerely
