I am writing to object to the proposed route 1 which is to come down Ribble Lane. [REDACTED]

[REDACTED] I find it very difficult to understand how the borough council can think this an option. The road itself is busy enough and parking is already an issue without HGV vehicles adding to the problem.

I actually find it difficult to understand why on earth we are supplying a pipeline all the way to Manchester in the first place surely if they are short of water and a cheaper option would be to build a reservoir there not waste millions taking a water supply from a rural site.

Yours sincerely

[REDACTED]
