Good evening,

I write with great concern in opposition to the planned route 1 and in support of route 2.

[REDACTED] [REDACTED]
[REDACTED] Something which route 1 would make unsafe and unpleasant for the next 6 to 10 years. This is simply not acceptable.

The heavy vehicles, air born dust, and extreme noise pose a significant risk to the health and safety of my family and I. Poorer air quality, far less safe roads and constant noise would simply make life here unbearable.

Health and safety aside, the likelihood becomes slim of being able to drive out of Chatburn easily and safely, either through Grindleton or Chatburn main road. It is already a small and easily congested road.

[REDACTED]
would not be possible. In summer, when Windows need to be open? Simply impossible.

Route one is simply unacceptable. Health, safety, quality of life and convenience would all be at an all time low. For a week, tolerable. But for 6 to 10 years!? Not a chance!

I implore the council to make the sensible decision here and not damn many residents of Chatburn and beyond to a significantly poorer quality of life.

Sincerely,
