**Planning Application Reference Number:** 3/2021/0660

**Address of Development:** Bowland Section. From land near the convergence of the Hornby Road, the Roman Road and Shooters Clough to land west of Newton in Bowland; with highway works at various locations.

**Your Comments:** The route via Chatburn Road, Ribble Lane, Grindleton Road and Slaidburn Road, is ridiculous. This area is already totally gridlocked at many times of the day, due to shoppers in Chatburn and to effective one way road on Ribble Lane caused by on street parking. Chatburn in particular has very poor provision for parking with many houses on Ribble lane have no where else to park. In addition the route crosses a dangerous bridge and has a very tight left turn at the bottom of Grindleton hill. The alternative ( but more expensive ) route down Pimlico Link road, with a temp bridge over the Ribble is the obvious and less intrusive route.
