Your Comments: [REDACTED] i believe the area will become much more busy and in turn more dangerous. The roads are already far too congested as it is because its used to access the factorys and warehouses further up the street. [REDACTED] which will be used as the carpark entrance [REDACTED] if there are cars contently coming in and out. There is

already a lot of noise that comes from the football ground when games are on, with fans chanting and music blasting. [REDACTED]

[REDACTED] even during the week.

There is already a car park in front of Taylor Street which fans and staff can access, this car park brings enough noise itself with teenagers pulling on a night and kids playing on it till all hours, it also lights up the whole street. It would not be beneficial to the street to create more traffic, noise and lighting by adding an additional car park in such a small area.
