Dear Sir/Madam

I am writing to say that I fully support planning application 3/2021/0725 for the Buck Inn, Sawley road, Grindleton. I think the plans have been carefully thought out and sympathetically designed, enhancing the character of the building especially from the road side, therefore making the area more attractive for villagers and tourists. It is lovely to see that the main frontage of the building has been kept and it is also right that we should move on and make improvements in order to keep what we already have. By allowing the pub to increase its capacity for diners makes it more viable as a business, which is what we need in order to keep a pub in our village. With village pubs in decline nationally, I think we are so lucky as a village to have such an enthusiastic applicant who can take this pub forward and who wishes to make this pub a success for everyone.

Kind regards
