**Your Comments:** I wish to forward my support for the proposed development of the Buck Inn, Grindleton.

 and have enjoyed the social and community spirit that the two public houses provided. Unfortunately over the last 3 years this has not been the case with both now closed and both sadly deteriorating.

Looking at the proposed plans I consider them to be sensitively designed, not only enhancing the appearance of the building but also benefitting both residents and the many visitors that come to our lovely village, providing them with somewhere to stay and dine.

Surely the planning department should be looking at encouraging the development of pubs and restaurants in small villages. Not only is this creating tourism within the Ribble Valley but also providing jobs and social integration.

**In conclusion I would ask the planning department to look favourably on this application and grant consent to this development, please let's revive the fortunes of the Buck Inn and put the heart of village life back into Grindleton. Three years is far to long without a pub and restaurant in our village!**
