To whom it may concern

We are writing to request that you support the proposed plans for the Buck Inn, Grindleton to enable it to reopen as a village pub / restaurant.

The villagers have been campaigning to get a pub back in the village due to the significant loss of community life over the past couple of years. As you are probably aware we attempted to purchase the Duke of York but despite a good offer being submitted it was rejected. Since that time the village is watching the significant deterioration of the Duke of York

It was fantastic news when we heard that someone was seriously interested in developing the Buck Inn as a local pub / restaurant

This project would be so beneficial to the local community relationships and help to heal issues caused by closure of local social outlets combined with restrictions of Covid. It would be heartbreaking if these proposals were turned down at this stage

We appeal to you to consider our comments and hope that positive news is to come

Thank you
