Planning Application No.3/2021/0725

Dear Sir, as a resident of Grindleton I strongly support the refurbishment and reopening of the Buck Inn as a pub and restaurant.

For the last three years we have watched the Duke of York deteriorate despite the owner being a builder. He has made no effort to maintain the building or car park and has rejected all reasonable offers made by the village and others to purchase it.

I don't see how R.V.B.C can say that the refurbishment of the Buck would be harmful to the appearance and character of the Duke given the state of decay it's been allowed to fall into.

You seem to be happy to see it fall into disrepair as you as a council have done nothing to enforce the maintenance of it and as it's a grade two listed building and in a conservation area I would have thought it to be of some importance.

At least we would have one building at the heart of the village in good order which can only enhance it.

This is an opportunity for Grindleton to get a much needed pub!
