Address of Development: Read and Simonstone Community Tennis club off Carlton Avenue Simonstone BB12 7JG

Your Comments: The location of the above development is in a dark area and the introduction of 8mtr Led floodlights would create light pollution. The amount of people that use the Tennis club is very few and does not warrant having floodlights. I understand that people that live near and adjacent to the field entrance to the club often have cars parked on Carlton Avenue by people who attend the club but cannot be bothered to open the gate and proceed towards the very small carpark
