

PLANNING NO:- 3/2021/1153.

HAND ON OLD ROAD, CHATBORO, NEXD NO 9.

PLANNING

23 FEB 2022

17<sup>TH</sup> FEBRUARY 22

FOR THE  
ATTENTION OF

Dear Sir,

I would be grateful if you would explain to me the decision that after the ecology report on the above plan is completed, it will be decided by the officer's not the councillors? We the residents had the requisite number of letters to assure the plan would go before the council.

The only vote on Thursday 10<sup>TH</sup> FEBRUARY was to defer for the ecology report.

So when it comes back surely it has to go to the councillors to vote on the plan to be passed or not?

While I am writing to you, would you also tell me why you have not included in the right to build all these new houses, that they must all have solar panels fitted. It would cost the council nothing to put it on as part of planning permission.

Yours Faithfully
