Hi,

I don't wish to withdraw my objection. The path has been there for years and years and should not be taken away to make larger gardens for the new houses.

Regards,

To Whom it may concern

I provided an objection to the original plans as referenced above. Having received the update from yourselves and further correspondence from Prospect Homes I am happy that appropriate provisions for alternative routes have been identified, namely footpath access from the new homes to the existing Green.

I am happy for my objection to

Be withdrawn if this is now an appropriate process.

Kind regards

Dear

Further to our call earlier, please find attached the Plan and CGI that Prospect submitted with its update to the above application. These show both the diverted route (highlighted pink) and other alternative pedestrian routes (green) that will be available through and around our development.

As discussed, any objections need to be formally withdrawn to be discounted from the process.

To do this for your objection could you please email the below confirming your instruction to withdraw your objection, quoting APPLICATION ref. 3/2022/1044.
