comments: I am writing to give my full support for the planning application at Seed Hill, Chipping, 3/2020/1037 Ribble Valley Council. The applicant has known the area all his life and is personally linked to the area. The building will fit in well with the location, be unobtrusive and a positive high quality addition to the fabric of the village. The design of the property and location is well thought through giving due consideration to the area and environment. This is evidenced by the comprehensive set of surveys and assessment showing due consideration for the location. This is a

positive sign that the development and applicant will enhance the area and environment.
