comments:

I cant believe you could even think of letting these plans go ahead. The amount of water that gathers in those fields which comes up from the river and down from the tops to meet in these fields. I used to live down Sunnyside avenue and have helped out people on Longworth Road more than 40 years ago and it still hasn't got better. I moved up the village to try and escape this but now due to all the building on Dale view we get flooding on the main roads and you can't get under the bridge which will be almost access to get to these new houses. Also apart from the flooding the access is diabolical. Right on the bend as you come under the bridge . It's bad

enough just for Dale view people getting in and out but cars for another 30 something houses. No way should these plans be passed
