

2,

I understand that the house has just been sold. Why would a person buy a Bungalow if they need a house? I thought Bungalows were needed because of a shortage of them being built at present. It would therefore make good sense to leave them as such for the people who needed them.

Yours Sincerely

23rd March 2021.

Dear Sir / Madam,

This letter is regarding Planning Application No 3/2021/0237.

Moorfield is principally an estate of Bungalows, Dormer Bungalows & a 'few' two storey houses all built in the 1960's with ample space around them. These few houses have no detrimental effect on the adjacent properties.

I am worried that if this application was granted it would then set a precedent for all the other Bungalows to do the same. This would be an intrusion on the character of the estate.
