Planning Application No 3/2021/037.
Proposed raised roof to dormer bungalow
Location 3. Near Field Whalley BB19 5HA.

I have no objection to the redevelopment of No 3 Nearfield, but I'm concerned about the increase in the height of the proposed raised roof.

I've lived at [REDACTED] for over thirty years and witnessed many refurbishments and the updating of bungalows and dormer bungalows on both Near Edge and Nearfield, but times change. But those changes have always been in keeping and not intrusive to other surrounding dwellings on both these estates.

I trust you will consider my concern when you make your decision on this planning application.

Yours faithfully
