comments: I would like to object to this application. The main reason for my objection is site access and intrusive noise. Bowfields Lane is a private not maintained road that is already struggling with the volume of traffic. This is compounded by the "shared access drive" that is a narrow gravel path. The walls either side of this path are frequently damaged by delivery vans. The drive is too small for any construction delivery vehicles. (As illustrated by the fact that RBVC refuse trucks will not go down the driveway) The noise was unbearable for several months during the last construction work of the garage and granny flat at the Grange
