**Your Comments:** Being a regular visitor to Family in Elbow Wood Drive, who's property is adjacent to planned netting , I feel strongly that the netting will be unsightly and claustrophobic to the homeowners.

I also feel the erection of the netting will have a negative impact on the natural environment, trees and wildlife.

Alternatives which would lessen these impacts would be to change the angle of the fairway by moving the 1st tee or hole so it doesn't run parallel to homes but off in other direction
