Dear Sirs

Thank you for your letter dated 10 May last.

I find the application is unclear and should be grateful if you would clarify on the following points:-

1. Change of use application
2. Parking and access for customers
3. The exact works to be carried out to the sheds in the conversion

Although I do not object to the the application in principle, I do have concerns about the noise impact due to it being a residential row of houses and a bedroom backing onto the sheds.

I look forward to hearing from you
